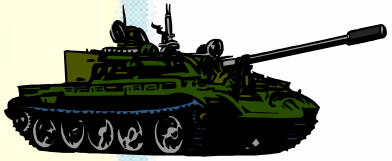
MISSION

- To assess and mitigate vulnerabilities, and to deter hostile acts against Department of Defense personnel, resources, and facilities within the 21st Theater Support Command AOR
- Continually educate soldiers and leaders about Force Protection

Antiterrorism (AT) and/or Force Protection (FP)

- **Antiterrorism**: Defensive measures used to protect personnel and property against terrorist acts



- **Force protection:** Programs to protect personnel and property

Force Protection Conditions (FPCON)

- A DoD-approved system standardizing the identification, recommended preventive actions, and responses to terrorist threats against U.S. personnel and facilities.

NORMAL: General threat of possible terrorist activity exists.

ALPHA: Unpredictable threat of possible terrorist activity

BRAVO: Increased and more predictable threat of terrorist activity (No particular target is identified)

CHARLIE: When an incident occurs or intelligence is received that some form of terrorist action is likely

DELTA: Immediate area where a terrorist

Threat Levels

- Used as one source of information in determining the appropriate FPCON for a command, installation, facility, area, or unit.

Low. No group is detected or the group activity is non-threatening.

Moderate. Terrorists are present but no indications of anti-U.S. activity. The operating environment favors the host nation/U.S.

Significant. Terrorists are present and attack personnel as their preferred method of operation or uses large casualty producing attacks as preferred method. Has limited operational activity. Operating environment is neutral.

High. Terrorists are operationally active and use large casualty producing attacks as their preferred method of operation. The operating environment favors the terrorist.

Commanders' Assessment Tools

- **Risk management**: Control the risks associated with Army mission
- **Vulnerability assessment:** Determines the susceptibility to attack and the board range of physical threats
- **Vulnerability:** Susceptibility of military force where combat effectiveness may be reduced or will to fight diminished
- **Environment:** The physicality of the situation

- **Threat analysis:** Examining all available information concerning potential terrorist activities that could target a facility
- **Threat assessment:** Develop an evaluation of a potential terrorist threats
